Over a hundred and twenty years ago, we recognized the need for a vehicle that could take on heavy loads and not back down from any job. The result? Mercedes-Benz invented the van. That first van paved the way for an entirely new segment and set the standard for others to follow. While our latest Sprinter and Metris Vans continue to raise the bar for innovation and technology, they still hold true to our core values: to create vans that deliver an extraordinary level of safety, performance, and cost efficiency to every owner.

\[ \text{S:19.75”} \quad \text{T:20”} \quad \text{B:20.25”} \]

\[ \text{S:7.5”} \quad \text{T:8”} \quad \text{B:8.25”} \]
When it comes to working efficiently, the right size for the job works better. From wheelbase length options in the Cargo Van to seating configurations in the Passenger Van, Metris is built to meet your specific needs. And with B2B connectivity, you can seamlessly connect the Metris to the digital world. Factor in standard safety features like Crosswind Assist1, Load Adaptive Electronic Stability Program (ESP®)2, and ATTENTION ASSIST®3, and you have what it takes to measure your success not by size, but by jobs completed.

When it comes to working efficiently, the right size for the job works better. From wheelbase length options in the Cargo Van to seating configurations in the Passenger Van, Metris is built to meet your specific needs. And with B2B connectivity, you can seamlessly connect the Metris to the digital world. Factor in standard safety features like Crosswind Assist1, Load Adaptive Electronic Stability Program (ESP®)2, and ATTENTION ASSIST®3, and you have what it takes to measure your success not by size, but by jobs completed.
We thought about safety, so you can think about work.

Getting the job done is about staying focused. Our groundbreaking safety innovations deliver an extra level of protection for your cargo and passengers, and give you one less thing to think about.

Standard on all Metris Vans, Crosswind Assist1 can help you stabilize your van in gusting crosswinds, while standard front, thorax, and window airbags4 help keep you protected. Plus, we’re the only van in the segment featuring standard Load-Adaptive Electronic Stability Program (ESP®), ATTENTION ASSIST®3, and Headlamp Assist. Factor in available Blind Spot Assist5, Lane Keeping Assist6, Active Brake Assist7, and Active Distance Assist DISTRONIC®9, and it will be easy to keep your mind on the job knowing that your van is helping you stay safe.

SAFETY

LANE KEEPING ASSIST 6
Lane Keeping Assist 6 can provide you with visual and audible warnings if your van leaves its lane unintentionally. A camera in the windshield monitors the road ahead and helps detect when you may have veered away from lane markings.

ACTIVE BRAKE ASSIST 7
This advanced system senses the likelihood of a collision with a vehicle ahead and sends both a visual and audible warning, followed by initiating autonomous braking.

ACTIVE DISTANCE ASSIST DISTRONIC®9
Upon activation, this intelligent cruise control system can sense traffic conditions and actively control your speed to help you keep a safe distance.

BLIND SPOT ASSIST 5
Using radar sensors to monitor approaching vehicles on multilane highways, this system can detect vehicles in your blind spot, and alert you visually and audibly.

STANDARD HIGHLIGHTS

LOAD-ADAPTIVE ELECTRONIC STABILITY PROGRAM (ESP®)
This dynamic handling system actively intervenes to help you maintain your vehicle under control and safety automatically braking individual wheels and reducing engine power to help stabilize the vehicle’s orientation, underride, or oversteer is detected.

ATTENTION ASSIST®3
ATTENTION ASSIST®3 helps prevent drowsy driving by monitoring your driving patterns and providing an early warning in case fatigue is detected.

RESCUE ASSIST®SM
With Rescue Assist®SM first responders scan a QR code in a Mercedes-Benz Van to quickly see where batteries, airbags, and other structural elements are located in order to safely perform the rescue.

HEADLAMP ASSIST
Automatic Headlamp Assist is a driving aid and convenience system, which turns on the exterior lighting when the light sensor detects low ambient light levels and off when detected light levels are high.

DRIVER AND PASSENGER AIRBAGS 4
The driver and passenger front, thorax, and window airbags help protect you and your passengers in the event of a collision. Passenger Vans are also equipped with rear curtain airbags.

RESCUE ASSIST SM
With Rescue Assist SM, first responders can scan a QR code in a Mercedes-Benz Van to see where batteries, airbags, and other structural elements are located to help them safely perform the rescue.

OPTIONAL HIGHLIGHTS

ACTIVE DISTANCE ASSIST DISTRONIC®9
When activated, this intelligent cruise control system can sense traffic conditions and actively control your speed to help you keep a safe distance.

HEADLAMP ASSIST
Automatic Headlamp Assist is a driving aid and convenience system, which turns on the exterior lighting when the light sensor detects low ambient light levels and off when detected light levels are high.

CROSSWIND ASSIST1
Crosswind Assist1 helps you stabilize your van and boosts safety in driving, gusting crosswinds. This standard feature helps you ensure that your vehicle remains in its lane at highway speeds.

REARVIEW CAMERA 8
The visual parking aid is activated when the Reverse gear is selected, giving you a view of what’s going on behind you as well as providing overlays with which to guide you.

BLIND SPOT ASSIST 5
Using radar sensors to monitor approaching vehicles on multilane highways, this system can detect vehicles in your blind spot, and alert you visually and audibly.

ATTENTION ASSIST®3
ATTENTION ASSIST®3 helps prevent drowsy driving by monitoring your driving patterns and providing an early warning in case fatigue is detected.

ACTIVE BRAKE ASSIST 7
This advanced system senses the likelihood of a collision with a vehicle ahead and sends both a visual and audible warning, followed by initiating autonomous braking.

LANE KEEPING ASSIST 6
Lane Keeping Assist 6 can provide you with visual and audible warnings if your van leaves its lane unintentionally. A camera in the windshield monitors the road ahead and helps detect when you may have veered away from lane markings.

DRIVER AND PASSENGER AIRBAGS 4
The driver and passenger front, thorax, and window airbags help protect you and your passengers in the event of a collision. Passenger Vans are also equipped with rear curtain airbags.
Sophisticated technology. Old-school grunt.

All the cargo volume in the world doesn’t mean a thing if your van can only crawl under the weight of a heavy load. The Metris drivetrain is specifically designed to accelerate under these conditions—and save you money along the way.

The Metris is equipped with a 2.0L 4-cylinder turbocharged gasoline engine that produces substantial torque at low rpms. The combination of high torque and horsepower provides impressive performance throughout the operating range.

PERFORMANCE

Turbocharged Direct Injection gasoline engine with fast-acting Piezo injectors.

- Displacement: 1,991 cc
- 208 hp @ 5,500 rpm
- Rated torque: 258 lb-ft @ 1,250–4,000 rpm
- Tank capacity: 18.49 gallons
- Battery: 12V/92Ah
- Alternator efficiency management

Estimated combined EPA rating: 21 mpg (Cargo), 19 mpg (Passenger)25

“The Metris is quiet and feels competent around town and on the freeway, accelerating easily in and out of traffic.”

— Los Angeles Times

MERCEDES-BENZ METRIS

2.0L 4-CYLINDER TURBOCHARGED DIRECT INJECTION GASOLINE ENGINE WITH 9G-TRONIC, 9-SPEED AUTOMATIC TRANSMISSION

Turbocharged Direct Injection gasoline engine with fast-acting Piezo injectors. Displacement: 1,991 cc

- 208 hp @ 5,500 rpm
- Rated torque: 258 lb-ft @ 1,250–4,000 rpm
- Tank capacity: 18.49 gallons
- Battery: 12V/92Ah
- Alternator efficiency management

Estimated combined EPA rating: 21 mpg (Cargo), 19 mpg (Passenger)25

“The Metris is quiet and feels competent around town and on the freeway, accelerating easily in and out of traffic.”

— Los Angeles Times
We’re in business to help your business.

Minimizing downtime is crucial for your business. With its award-winning residual value, the Metris keeps your total cost of operation low and your productivity high. If you spend less time and money on maintenance and more time on the road, your whole company will run more smoothly.

### MERCEDES-BENZ METRIS

- **9G-TRONIC, 9-Speed Automatic Transmission**
  - Refined for maximum efficiency and unmatched comfort, this quick-shifting 9-speed automatic transmission delivers better fuel economy**, reduced noise, and longer service life.

- **Efficient Gasoline Engine**
  - A 2.0 L 4-cylinder turbocharged Direct Injection gasoline engine gets you up and moving quickly. At an estimated combined EPA rating of 21 mpg for Cargo and 19 mpg for Passenger models**, the mid-size Metris offers fuel consumption comparable to that of a small-size van.

- **Up to a 15,000-Mile Service Interval**
  - With an impressive service interval of up to 15,000 miles**, your van will spend less time in the shop and more time on the job.

---

**Note:** EPA fuel economy estimates available upon request.
Metris delivers large-van capabilities but lets you maneuver city streets with a tight turning diameter, and park in a home garage. Plus, the 4-cylinder engine, 9-speed transmission, up to a 15,000-mile service interval, and an estimated combined EPA rating of 21 mpg will maximize cost efficiency.

Works like a large van.
THE RIGHT SIZE

With its superior payload, the mid-size Metris can handle heavier jobs than compact vans, yet still fits in industrial and home garages.

186 CU.FT.

METRIS CARGO

No wasted space. Wasted space is wasted money. That’s why virtually every inch of cargo space in the Metris Cargo Van is usable. It’s all about making smart use of what you have—and having the right size with which to work. With a Best-in-Class turning diameter* and a powerful, cost-efficient drivetrain, the Metris doesn’t waste any effort getting to the job. You’ll feel safe along the way with advanced features like Crosswind Assist, Load-Adaptive Electronic Stability Program (ESP)® and ATTENTION ASSIST.® When you need to get more out of your cargo van, choose the one that delivers efficiency, along with a low total cost of operation and a Best-in-Class payload cargo capacity.*

*Based on a comparison of similarly sized and equipped commercial vans.

Two wheelbases, more possibilities.
The Metris lets you choose the size you need by offering two wheelbase lengths. The standard length gives you 183 cu. ft. of cargo volume, while the long wheelbase option adds 9” of cargo length and 16 cu. ft. of volume, giving you even more hauling opportunities with a total of 199 cu. ft.

THE RIGHT SIZE

With its superior payload, the mid-size Metris can handle heavier jobs than compact vans, yet still fits in industrial and home garages.

199 CUBIC FEET OF CARGO VOLUME

If you’re looking for more space, the Metris long wheelbase offers 185.5” of cargo length. That’s spacious enough to store up to 8 long sheets of 4’ x 8’ drywall with room to spare.

REAR DOOR OPTIONS

Choose between standard 270° opening rear doors, 180° rear doors, or an optional flip-up tailgate.

MAXIMUM PAYLOAD *:

2,668  lbs. (std. wb)

2,612 lbs. (long wb)

CARGO LENGTH (with factory partition):

111.5” (std. wb)

120.5” (long wb)

CARGO VOLUME:

183 cu. ft. (std. wb)

199 cu. ft. (long wb)

GVWR:

METRIS PASSENGER

Driver and passenger front airbags, 4 driver and front passenger side thorax airbags, and window curtain airbags throughout help protect every occupant.

ELECTRIC SLIDING DOORS (OPTIONAL)
Open or close the sliding door with the push of a button, for extra convenience.

SEATING CAPACITY
With three available seating configurations, you can carry up to eight people. 39.6” of headroom and plenty of legroom assure that your passengers won’t just get there — they’ll get there comfortably.

Treat passengers like you’re one of them.
Whether you’re riding or driving, it’s all about how you feel in the vehicle. Take the Metris Passenger Van. It’s just the right size to seat up to eight people comfortably and gives you the flexibility of three seating configurations. Add in optional features like electric sliding doors, and your passengers will have even more reasons to enjoy their journey — and you’ll certainly enjoy the low cost of operation.

Our groundbreaking safety innovations deliver an extra level of protection for you and your passengers, giving you one less thing to think about. Put your passengers first with the Metris Passenger Van.

Stay connected wherever you go with the Metris’s multitude of sophisticated infotainment options, including USB ports, Apple CarPlay®/Android™ Auto24, and SiriusXM® Satellite Radio. All controlled by a cutting-edge, easy-to-operate 7” touchscreen that’s well within your reach.

**7” TOUCHSCREEN DISPLAY**

7” touchscreen with Gorilla Glass, anti-glare, and an 800x480-pixel resolution standard on all models.

**SATELLITE RADIO**
The radio has two receivers. One for analog AM/FM reception and one for SiriusXM® Satellite Radio. The radio can be operated via the buttons on the optional multifunctional steering wheel.

**HEAD UNIT WITH NAVIGATION (OPT.)**
Same as the standard head unit but comes with an additional navigation system, voice command, and the capability of Live Traffic when properly equipped. For Communication Module (LTE) connectivity services, a built-in SIM card is required for a fast and reliable LTE internet connection used for the Emergency Call System.

**APPLE CARPLAY® / ANDROID™ AUTO**
The radio supports Apple CarPlay® or Android™ Auto, connected via USB cable. Mobile phones can be started with the voice command “Hey Siri” or “OK Google.” The voice control can be activated directly with a button on the radio or with the optionally available multifunction steering wheel.

**BLUETOOTH®**
Bluetooth® connects to all your mobile devices and allows for a convenient hands-free driving experience.

**USB PORTS**
Two USB ports allow for connecting of external media devices, such as USB sticks or mobile phones, to the radio. The media content on the external device can be played once it is connected and the right source chosen in the radio menu.

Your world, at your fingertips.
Mercedes me connect is the digital extension of your van. Whether you’re getting customer support or simply checking your fuel, Mercedes me connect is here to make life easier.

**BENEFITS AT A GLANCE:**

- **Mercedes me connect** provides an overview of your vehicle, fuel level, tire pressure, fluids, and more. Plus, you can see your vehicle’s location, and lock or unlock the doors at the touch of a button.

- **Enjoy maintenance and support with a personal touch.**
  - The Mercedes me connect app provides an additional layer of comfort and safety.

- **The Mercedes me connect app** provides an overview of your vehicle by housing your remote access services. Download the app today and take full advantage of your Mercedes me connect services. Available on Android, iOS, and Apple Watch.

- **Available on the Metris,** our B2B connectivity solutions intelligently connecting drivers and vehicles to increase the efficiency of your business in the long run.

**CONNECTIVITY SOLUTIONS FOR YOUR VEHICLE:**

**MERCEDES ME CONNECT APP**

- **remote assistance**
- **remote peripheral**
- **remote services**
- **remote security**
- **remote diagnostics**
- **remote battery**
- **remote fuel level**
- **remote tire pressure**
- **remote fluid levels**

**INTERFACES TO MANAGE YOUR VEHICLES REMOTELY:**

- **B2B connectivity provides a comprehensive overview of your vehicle – by simplifying logistics and increasing productivity**

**B2B CONNECTIVITY**

**For the business owner**

- **Integrate your vehicle data into fleet management systems**
- **Identify the location of your vehicle**
- **Increase overall business efficiency**

**For the driver**

- **Effective assistance in case of an emergency**
- **Remotely lock and unlock the van via the app,** without the need for keys – making work more convenient
A turnkey route to productivity.

You're the expert in your trade, and your van is the tool with which to get the job done. MasterSolutions™ allows you to quickly configure your van and order directly via your Mercedes-Benz Vans dealer to get you exactly the van you want right when you need it, so you can concentrate on finishing the job.

MasterSolutions™ providers Auto Truck, Knapheide, and Driverge bring you a portfolio of turnkey solutions for your vocation — anything from Sortimo or Ranger shelving to refrigeration or even transportation of people at a preferred price. These preconfigured solutions from industry-leading manufacturers are customized to fit your Mercedes-Benz Van. The ordering process is streamlined, and installation is simple: all MasterSolutions™ can be fitted directly as Ship-Thru, ensuring seamless integration, quick delivery, and consistent quality.

For more details and to configure your upfit, visit www.mbvans.com/sprinter/discover/upfit-solutions

Example of MasterSolutions™ provided by Sortimo

If you can imagine it, we can make it happen.

You have a concept in mind — let a Mercedes-Benz Vans MasterUpfitter build it for you. Our job is to customize a van that is ready to fit your ultimate upfitting needs. The “right size” concept of the Metris is a blank canvas on which you can create a design to meet your specific needs. Whether it’s a simple work van interior, a refrigerated farm-to-table van, a wheelchair-accessible van, or the Metris Gateway, an iconic pop-up camper that combines adventurous spirit with the ease and use of an everyday people-mover. Whichever you choose, Mercedes-Benz Vans will make you mobile and take your business to new places.

Qualified Upfitters adhere to the Upfitting Guidelines to become part of the Mercedes-Benz Vans MasterUpfitter network. These Upfitters are committed to the highest engineering standards and levels of customer satisfaction. Working with a MasterUpfitter gives you the flexibility to be creative and the assurance that Mercedes-Benz Vans is here to support your ideas.
Through Mercedes-Benz Financial Services, we offer a variety of financing products and solutions with flexible benefits tailored specifically to meet the needs of your business. For more information, visit www.mbvans.com/sprinter/shopping-tools/finance-solutions

Retail Loan

These simple-interest, fixed-payment packages look in interest rates and can include van and upfit equipment, as well as aftermarket products, in one contract.

FMV Lease

A closed-end lease agreement is also known as a “walkaway lease,” since the lessee can simply turn in the vehicle and walk away at lease maturity after meeting all contractual obligations, subject to certain return conditions and mileage restrictions.

TRAC Lease

A Terminal Rental Adjustment Clause (TRAC) lease doesn’t require any acquisition fee, up-front payment, or excess mileage charges, and lease payments may be expensed against income. Owners are responsible for the residual value of the vehicle.

FINANCE SOLUTIONS

Taking care of you, so you can take care of business.

VanCARE is a promise to our customers to deliver genuine parts, superior service, and unparalleled commitment to getting you back on the road as quickly as possible. We know that for you it isn’t a van—it’s a tool you need to make a living.

ServiceCARE – Service Solutions Built For You

Whether it’s a maintenance service, an extended warranty work, or now a wear and tear repair, our ServiceCARE products are customized solutions for you. You can now focus on your business with your vehicles always in top shape, minimizing your downtime and maximizing your financial cost control.

ROADSIDE ASSISTANCE

All Mercedes-Benz Vans come standard with our 24-hour Roadside Assistance Program and expert advice 24/7 through the Mercedes-Benz Customer Assistance Center, providing you with peace of mind and help when you need it most.
